### Inspection Copies

SAGE's inspection copy service allows lecturers to thoroughly review our textbooks before deciding whether to adopt them for use on courses. Request and manage your copies quickly and easily at [sagepub.co.uk/inspectioncopy](http://sagepub.co.uk/inspectioncopy)

### Extra Teaching & Study Tools

Many of our textbooks are supported by online resources to assist lecturers with planning and delivering engaging seminars and lectures, and to help students to explore topics further and check their progress.

Wherever you see the companion website or SAGE edge icons, you can access further resources.
We’re very pleased to welcome you to our 2017 Politics & International Relations catalogue, and to our new and bestselling titles. Through our textbooks, reference works and journals we aim to bring current, authoritative and internationally-focused resources to the academic community. This international focus is particularly strong in 2017, which sees the publication of texts covering areas such as violent non-state actors, international relations theory, world politics and international development.

We couldn’t fit everything in this catalogue, of course, so make sure you take a look at what more we have to offer on our website, as well as following us on Twitter for our latest updates.

Happy browsing!

The SAGE Politics & International Relations Team

P.S. Have you taken a look at our new Politics and International Relations video collection yet? With more than 130 hours of video, including in-depth interviews from global experts, case studies, ‘In Practice’ videos, and carefully curated licensed film content from sources such as BBC Worldwide, it’s a really exciting resource to help enhance the teaching, learning, and research experience. Find out more here.

### Political Science

**A Global Perspective**

Leonardo Morlino LUISS, Dirk Berg-Schlosser Philips-University Marburg and Bertrand Badie Sciences Po

A unique book, filling a genuine void. [...] In sixteen chapters, it covers, not only the standard content of an introduction to political science book, but also discusses questions of epistemology, methodology and the interdisciplinary nature of the discipline, all with a global perspective.

- Ilter Turan, Istanbul Bilgi University

Moving beyond mainstream ‘traditional’ approaches to bring postgraduate students a new, advanced-level introduction to political science.

A perfect introduction for postgraduates who are new to political science, as well as upper-level undergraduates looking to broaden and deepen their understanding of core topics, this progressive account:

- guides readers through all key areas of political science: origins, methodological foundations, key topics, and current issues
- takes an international and pluralist perspective with all issues explored in a comparative way related to different cultural and historical contexts
- includes pulled-out descriptions of major concepts, further reading and self-assessment questions at the end of each chapter.

### 60 Seconds with the Authors...

**What is the main thing you hope readers will get from your book?**

This is an up-to-date overview of the state of the art in political science and its sub-disciplines, taking a global perspective. It will be most useful for advanced B.A. students preparing for their exams and beginning M.A. students in inter-disciplinary courses who come from different backgrounds. Furthermore, professionals in the media and practitioners of politics, including NGOs, can gain valuable insights into what high quality international political science means today.

**What are you most proud of about your book?**

The truly broad historical and global scope, providing a pluralist perspective of empirically oriented political science. Here we can build on our experience as editors of the International Encyclopedia of Political Science (8 volumes, SAGE 2011) which brought together more than 600 leading contributors from all parts of the world.

**Why, would you say, is it so important to move beyond the traditional approaches to political science?**

For historical reasons, modern political science has been dominated to a large extent by Anglo-Saxon and especially American influences. In today’s globalized world this is now changing, leading to a more comprehensive analysis of both domestic and international politics in all regions.

Furthermore, the neighbouring disciplines were not sufficiently taken into account, in particular sociology and history, which are required for understanding a global world. Therefore, we tried to promote a more transdisciplinary vision.

**What top tips would you give to postgraduates approaching the study of political science for the first time?**

You must be interested in current political and international affairs. In the course of time, you will gain an understanding for the complexity of these matters, but also of their relevance for humankind. You will develop a sense of orientation for your own life. Your future life is clearly located in a global world, whatever the choices you make. You have to locate yourself in this world, to try to understand it, and also to respect it as diverse and complex.
CONCEPTS IN WORLD POLITICS
Edited by Felix Berenskoetter
SOAS, University of London

Recognizing the complexity of the study of international relations, and in contrast to most textbooks, this book puts concepts front and centre, systematically unpacking them in a clear, critical and engaging way. Covering 17 core concepts, from democracy to globalization, sovereignty to revolution, it focuses on:

- the multiple meanings of a concept, where these meanings come from, and how they are employed theoretically and practically
- the consequences of using concepts
- the method of concept analysis.

Drawn together this book exposes different ways of framing the world, making it an indispensable resource for the study of world politics.

PRINCIPLES OF COMPARATIVE POLITICS
Third Edition
International Student Edition
William Roberts Clark Texas A&M University, Matt Golder and Sona Nadenichek Golder both at Pennsylvania State University

This book offers a comprehensive and up-to-date introduction to comparative inquiry, research and scholarship. Updates to this edition include: a new intuitive take on statistical analyses and a clearer explanation of how to interpret regression results; a thoroughly revised chapter on culture and democracy that includes a more extensive discussion of cultural modernization theory and a new chapter on dictatorships that incorporates a principal-agent framework for understanding authoritarian institutions. Examples from the gender and politics literature have been incorporated into various chapters, and empirical examples and data on various types of institutions have been updated.

INTERNATIONAL DEVELOPMENT
A Global Perspective on Theory and Practice
Edited by Paul Battersby RMIT University and Ravi Roy Southern Utah University

How can we lay the foundation for a more just and peaceful world? How can we prevent communications from fracturing and societies from tearing themselves apart? How should we prioritise economic, social and cultural demands for resources and opportunities?

This book answers these questions, and presents a view of development ‘in practice’. Written by experts in the field, the book covers a range of contemporary developments, as well as providing coverage of the theory and practice of international development. It:

- covers a range of contemporary topics such as global security, new technologies, ethics, and learning and participation
- has chapters on Global Health and Development in Practice, Environmentally Sustainable Development in Practice and Corruption and Development
- features learning objectives, summaries, reading lists and questions for discussion
- works as a practice-driven text packed with case studies.

SOCIAL CHANGES IN A GLOBAL WORLD
Ulrike Schuerkens Université Rennes 2

An in-depth exploration of social transformations and developments, this book combines an international approach with up-to-date research to provide a comprehensive introduction. It:

- has dedicated chapters on contemporary topics including technology, new media, war and terror, political culture and inequality
- includes an analysis of societal structures – inequality, globalization, transnationalism
- contains learning features, including: discussion questions, annotated further reading, chapter summaries and pointers to online resources to assist with study.

Helping students to successfully navigate the exciting and complex field of global politics, this book gives them a clear overview of the field and encourages them to put the most into their studies. In the book are:

- chapters on every key area, from liberalism to law, from history to human rights and from terrorism to transnational actors
- new chapters on Migration and Feminist Theory
- new case studies including Donald Trump and the refugee crisis

**What key changes can readers expect in this new Second Edition?**

This **Second Edition** of World Politics has both updated and re-styled the content of the first edition. Important recent developments in international affairs - such as the war against ISIS, Russian intervention in Ukraine, and the UK decision to leave the European Union - are analyzed as part of a general process to bring case studies up to date. This edition has also been revamped in terms of its constituent chapters in order to properly reflect important changes in the contemporary political world. In particular, two new chapters - on International Law and Migration - are included to reflect the increased relevance of these two areas of international relations and other chapters have been streamlined and re-focused in order to accommodate this.

**What's the main thing you hope students will get from using your book?**

The main thing we hope to provide students with in this **Second Edition** is a textbook that is both accessible and comprehensive. World Politics is intended as a broad text to guide students through a degree (or degree component) in International Relations, and as a quick reference guide to the concepts and theories of the subject to aid in their studies.

**Why do you feel the study of world politics and international relations is so important?**

States today are faced with unprecedented challenges. Increasing numbers of countries are acquiring nuclear weapons, adding to the thousands of such weapons already present in the world; terrorists are striking weak and strong states alike; brutal civil conflicts are breaking out across the Middle East and Africa; thousands of poverty-stricken people continue to die every day; economic migrants and refugees are pouring into other regions and neighbouring states seeking to escape war and other social ills in their own countries; and populist leaders and their supporters are poised the world over to reject globalization, throw out free trade and turn inwards.

International relations therefore is about questions relating to war, peace, co-operation, poverty, development, presidents, prime ministers, dictators, and so much more. These factors affect not only states but also us as individuals, and it is this which makes the study of world politics exciting, as well as important.

**What top tips would you give to students new to studying world politics and international relations?**

Students approaching the study of world politics and international relations for the first time should:

- Read high quality current affairs publications such as newspapers and magazines
- Listen to a wide range of news channels in order to be exposed to a variety of opinions
- Find an internship in an organization that works in international affairs
- Read peer-reviewed articles in journals that publish on the many topics in international relations
- Read our book on World Politics.
It is important to remember that you are not alone if you find yourself struggling with theory. No one gets it overnight. But if you stick with your studies in International Relations Theory you will reap the rewards.

- Oliver Daddow from the Preface to International Relations Theory

With chapters on all the major theories of international relations, accompanied by contemporary examples from popular culture, film and literature, this Third Edition is the ideal introduction to the key perspectives in the field. Key features:

• 30% new content, with all chapters revised and updated
• useful learning features including further reading, 'questions to ponder', 'common pitfalls' and 'taking it further' boxes, to encourage students to extend their thinking beyond the classroom
• invaluable chapters to help students get the best out of their knowledge of IR Theory in essays and exams, including real life examples of best practice.

THE SAGE/SUSSEX UNIVERSITY PARTNERSHIP

We are listening to students

In 2010 SAGE started a partnership with Sussex University Library to develop a better understanding of the research behaviour of doctoral students. In 2013 the project was extended to include undergraduate students with the aim of monitoring their learning and information-seeking behaviour across the three years of their study.

Through various activities the students have provided us with insight into their experiences, concerns, behaviour and attitudes, enabling us to explore issues and themes which place students at the heart of our textbook publishing.

We understand the challenges lecturers face and we recognize that as a publisher we can play an important role in cultivating student engagement through the learning resources that we produce. We are committed to creating textbooks your students will enjoy and use with ease - we do this through listening to students and this is the central goal of the SAGE/Sussex University partnership.

The first generation of Sussex students has moved on from university life and we now say hello to three new ones:

Join us as we follow their journey over the next three years: blogs.sussex.ac.uk/sagestudents
GLOBAL POLITICS AND VIOLENT NON-STATE ACTORS

Natasha Ezrow University of Essex

With inclusion of theories and causal factors for context, case studies for real-world application, and pedagogical features to encourage engagement, this book’s coverage goes beyond the traditional focus on terrorist groups, providing readers with a wide-ranging introduction to the subject.

CONTENTS

April 2017 • 248 pages

Paper (9781473960497) • £27.99

60 SECONDS WITH NATASHA EZROW...

What’s the main thing you hope readers will get from reading your book?

There are several major themes that are important for students to be aware of:

1) Traditional theories of conflict and violence are becoming less relevant to understanding security today
2) Most wars are internal, not between states
3) Violent non-state actors have become as important as state actors
4) Violent non-state actors are not just politically motivated but also economically motivated and vice versa. We see a hybridity of different groups and a grey area of violence and crime more so than ever before
5) Understanding security requires an inter-disciplinary approach that combines political science with sociology, psychology and criminology
6) We have not come up with clear definitions of different violent groups, making it harder to identify them, and to prevent their emergence and facilitate their exit.

Why do you feel it’s important to study violent non-state actors?

This can be answered by the third point: violent non-state actors have become as important as states. They sometimes have similar levels of military power and judicial power; they have tremendous soft power; they have high levels of economic power; and they often offer the services that states provide, supplanting the state and undermining the state’s legitimacy. They weaken and destabilize the state. They are a major cause of insecurity today.

How do you see the role of violent non-state actors changing over the next few years?

Globalization has changed the nature of violence and the structure and capacity of violent groups. They have flatter hierarchies, they are more involved in organized crime and we will see more individuals being inspired by groups and engaging in lone actor violence.

What top tips would you give to students new to the study of political violence?

It is important to be familiar with the key concepts and theories in security of the past and today. Understand how to conceptualize the various actors that you are studying. Work to understand how to define different groups, how they differ and what conclusions can be drawn. Also try to understand traditional theories of conflict and security in order to have a better grasp on how the world is changing. Finally, try to understand where other disciplines can help inform us about security, and know when a different lens may be more appropriate for achieving comprehension of a complex phenomenon.
PEACE AND CONFLICT STUDIES

Fourth Edition

David P Barash University of Washington and Charles P Webel Chapman University

This thoroughly updated Fourth Edition explores historical and current topics in today’s rapidly changing world to provide a comprehensive introduction to peace and conflict studies. The authors offer an insightful analysis of 21st Century global affairs, including such timely topics as ISIS, the nature of violence and nonviolence, cutting-edge military technologies, the Terrorism and Global Peace Indexes, and the latest developments in Iran, North Korea and Syria. Written in a student-friendly style, the book inspires readers to create a better world through an understanding of history and current affairs.

Supporting the Social Sciences

Since SAGE’s inception over 50 years ago, our commitment to supporting the social sciences has been a core principle of our organization. Accordingly we feel a responsibility to get directly involved, and have committed resources and effort to advocacy and engagement to help champion the value of social science research.

– Ziyad Marar, President, Global Publishing, SAGE Publishing
THE SAGE HANDBOOK OF DIPLOMACY
Edited by Costas M Constantinou
University of Cyprus, Pauline Kerr
Australian National University and
Paul Sharp
University of Minnesota

Diplomacy, broadly conceived, concerns the representation and advocacy of positions and interests, the implementation of policies, and the regulation of relations between political identities, including both state and non-state actors. It is a practice commonly studied by political scientists and historians but also increasingly by those employing inter-disciplinary and cross-disciplinary perspectives from sociology, anthropology, philosophy, education, management and communication.

This handbook provides a major thematic overview of diplomacy, and its study is theoretically and historically informed and in sync with the current and future needs of diplomatic practice. Original contributions from a brilliant team of global experts are organized into four thematic parts:

Part One: Diplomatic Concepts & Theories
Part Two: Diplomatic Institutions
Part Three: Diplomatic Relations
Part Four: Types of Diplomatic Engagement

Garth S Jowett University of Houston and Victoria O'Donnell Montana State University

Propaganda and Persuasion, Seventh Edition offers a comprehensive history of propaganda along with an introduction to the tools and concepts used to analyze it, drawing on examples from ancient times to present day issues such as the impact of social media.

October 2017 • 480 pages
Paper (9781506371344) • £61.00

HYBRID POLITICS
Media and Participation
Laura Iannelli University of Sassari

Hybrid Politics examines the combinations and competitions between older and newer media technologies, practices, actors, contents and logics, by exploring their potential and practical implications in terms of political participation.

In this Swift, Laura Iannelli analyzes the ‘hybridity’ of politics in democratic societies from a multidisciplinary perspective, identifying the diverse forms of power and political participation that coexist within the contemporary complex media sphere, and which influence participation in the spheres of institutionalized and protest politics.

Building upon renowned global research and original case studies, the book proposes an innovative and challenging analytic strategy to understand, explain, and problematize the contemporary complexity of political participation and communication.

Political Communication
**DEMONSTRATION IN DECLINE**

Rebuilding its Future

Philip Kotler  *Kellogg School of Management*

The world is undergoing unprecedented transformation with the Internet, globalization and climate change. In addition, the growing concentration of wealth and income is marginalizing, disenfranchising and disempowering lower and middle income citizens.

Democracy, the key political system for tackling these issues, is under threat. Too few citizens are politically informed and nearly half of the electorate doesn’t vote out of apathy or cynicism. The voting system is flawed and governments are gridlocked. Lobbyists hold growing influence over politicians and election candidacy requires substantial power. Kotler confronts this bleak outlook with some potential solutions and a positive message: a brighter future awaits if we can come together and save democracy from its decline. Here is an opportunity for all of us to join the conversation, exercise our free speech and get on top of the issues that affect our lives. Let the rebuilding process begin...

**THE CHALLENGE OF POLITICS**

An Introduction to Political Science

Fifth Edition

Neal Riemer and Douglas W Simon
both at Drew University and
Joseph Romance Fort Hays State University

This book helps students to see how the subfields of political science converge around a set of crucial questions: can we as citizens and students articulate and defend a view of the good political life and its guiding political values? Can we bring political wisdom to bear on judgments about politics and public issues? Can we develop a science of politics to help us understand significant political phenomena—the empirical realities of politics?

The book equips students with the tools they need to explore the impact of philosophy and ideology, to recognize major forms of government, to evaluate empirical findings, and to understand how policy issues directly affect people’s lives. This Fifth Edition includes updated content on recent international events throughout.

March 2016 • 520 pages
Paper (9781506323473) • £104.00

**ECOMOMIES OF DESIGN**

Guy Julie  *University of Brighton* / Victoria and Albert Museum

This groundbreaking book shines a spotlight on how design has become embedded in political economies, emerging as a vital feature of neoliberal economic systems, from urban strategies to commercial processes to government policy-making.

February 2017 • 224 pages
Cloth (9781412961721) • £75.00
Paper (9781412961721) • £26.99

**AUTO-INDUSTRIALISM**

DIY Capitalism and the Rise of the Auto-Industrial Society

Peter Murphy  *La Trobe University*

Peter Murphy has done it again. This time he has put his razor-sharp, analytic and synoptic mind to work on our global challenges: what kind of social order do we have when all forms of routine production are automated? In clear, humorous and biting prose he challenges us to think afresh about how we live and work today and what we might hope for tomorrow.

“DIY check-outs, drones, self-driving cars, and e-government: all are signs of the coming auto-industrial age. Will this end in mass unemployment or will new kinds of work emerge? Will 3D print production, desktop workshops and mass customization make up for lost blue-collar jobs? What will happen to health and education in the auto-industrial age? Will machines replace teachers and doctors? What might the economic and social future dominated by self-employment and a large DIY industry look like? Peter Murphy’s lively, provocative book addresses these questions head-on.

THE LIMITS OF NEOLIBERALISM
Authority, Sovereignty and the Logic of Competition
Revised Edition
William Davies Goldsmiths, University of London

Brilliant... explains how the rhetoric of competition has invaded almost every domain of our existence

- Evgeny Morozov, author of To Save Everything, Click Here

In this fascinating book, Davies inverts the conventional neoliberal practice of treating politics as if it were mere epiphenomenon of market theory, demonstrating that their version of economics is far better understood as the pursuit of politics by other means

- Professor Bob Jessop, University of Lancaster

Since its intellectual inception in the 1930s and its political emergence in the 1970s, neoliberalism has sought to disenchant politics by replacing it with economics. This agenda-setting text examines the efforts and failures of economic experts to make government and public life amenable to measurement, and to re-model society and state in terms of competition. In particular, it explores the practical use of economic techniques and conventions by policy-makers, politicians, regulators and judges and how these practices are being adapted to the perceived failings of the neoliberal model.

By picking apart the defining contradiction that arises from the conflation of economics and politics, this book asks: to what extent can economics provide government legitimacy? Now with a new preface from the author and a foreword by Aditya Chakraborty.

THE SAGE HANDBOOK OF RESISTANCE
Edited by David Courpasson EMLYON Business School and Steven Vallas Northeastern University

Occupy, Indignados, The Tea Party, The Arab Spring and Anonymous - these and other terms have become part of an emerging lexicon in recent years, signalling an important development that has gripped many parts of the world. However, resistance and its conceptual ‘companions’, protest, contestation, opposition, disobedience and mobilization, all seem to be still mostly seen in public and private discourses as illegitimate and problematic forms of action.

The SAGE Handbook of Resistance offers theoretical essays enabling readers to forge their own perspectives of what is resistance and emphasizes the empirical and experiential dimension of resistance - making strong choices in terms of how contemporary topics related to resistance help to rethink our societies as ‘protest societies’.

Paper (9781506363998) • £87.00

THE SAGE HANDBOOK OF INTERNATIONAL CORPORATE AND PUBLIC AFFAIRS
Edited by Phil Harris University of Chester and Craig S Fleisher Tampere University of Technology
The SAGE Handbook of International Corporate and Public Affairs builds on the success of the Handbook of Public Affairs to set a new standard for the practitioner and student of the global public affairs discipline. As well as providing a comprehensive overview of the foundations and key aspects, this exceptional new handbook includes increased international coverage of the field, and a strong focus on emerging trends.
The handbook is organized into six thematic parts, including a generously-sized section devoted to case studies of public affairs in action:
Part One: Essential Foundations of Public Affairs
Part Two: Expanding the Boundaries: Public Affairs & Its Relationship with Other Key Disciplines
Part Three: Key Issues in the Development of Public Affairs
Part Four: Regional Development & Localized Approaches to Public Affairs
Part Five: Tactical Approaches to Executing Public Affairs
Part Six: Case Studies of Public Affairs in Action
December 2016 • 728 pages
Cloth (9781446276112) • £120.00

AN INTRODUCTION TO MIDDLE EAST POLITICS

Second Edition

Benjamin MacQueen Monash University

This new edition of An Introduction to Middle East Politics continues to provide an expansive survey of Middle East politics. Written in an engaging and accessible manner, MacQueen takes students on a tour of the region’s modern political history, clearly signposting key events and issues. Responding to events currently taking place in the Middle East the book has been thoroughly revised and restructured.

Providing comprehensive coverage of all key themes in Middle East Politics, this book covers:

- historical legacies; The Ottoman Empire, WWI, colonialism and the Cold War; nationalism and Islamist politics
- authoritarianism in Egypt, Algeria and Syria; political changes in Iran; the politics of oil in Saudi Arabia and the Gulf States; Israel, the Palestinians and the Arab States
- the Syrian conflict including regional ramifications and particular focus on the Syrian refugee crisis.

Each chapter includes a timeline, learning objectives, study questions and annotated further reading. Contemporary and fascinating, with dedicated material on culture, gender, ethnicity and minorities, this is a crucial companion.

CONTENTS

The Ottoman Empire and its Legacy / The Colonial Period / Superpower Rivalry and the Cold War / Nationalism, Islamism and the Politics of Ideology / Israel, the Palestinians and the Peace Process / Oil, Economy and Development / Authoritarianism / Democratization and the Arab Uprisings / International Relations of the Middle East in the new Global Order / External Intervention and Invasion / The Syrian Conflict / Political Violence and New Security Threats

November 2017

Cloth (9781412962155) • £85.00
Paper (9781412962162) • £27.99

THE NEW SOCIOLOGY OF SCOTLAND

David McCrone University of Edinburgh

This groundbreaking new introduction is a comprehensive account of the social, political, economic and cultural processes at work in contemporary Scottish society.

At a time of major uncertainty and transformation, the book explores every aspect of Scottish life. Placed firmly in the context of globalization, the text:

- examines a broad range of topics including race and ethnicity, social inequality, national identity, health, class, education, sport, media and culture, among many others
- looks at the ramifications of political events such as British General Election of 2015, the Scottish parliament election of May 2016, and the Brexit referendum of June 2016
- uses learning features such as further reading and discussion questions to stimulate students to engage critically with issues raised.

CONTENTS

March 2017 • 736 pages

Extra Teaching & Study Tools

Many of our textbooks are supported by online resources to help lecturers plan and deliver engaging seminars and lectures, and to help students to explore topics further and check their progress.

Wherever you see the companion website or SAGE edge icons, you and your students can access further resources.

These tools typically include:

Resources for Lecturers
- PowerPoint slides
- Instructors manual
- Teaching notes
- Ideas for essay topics
- Handouts

Resources for Students
- Study notes
- Self test questions
- Case studies and data sets
- Videos and podcasts
- Glossaries
- Access to articles from leading SAGE journals
DEBATING THE PRESIDENCY
Conflicting Perspectives on the American Executive
Fourth Edition

Edited by Richard J Ellis
Willamette University and
Michael Nelson Rhodes College

Top scholars offer a series of pro/con essays that will inspire spirited debate beyond the pages of the book. Each essay - written in the form of a debate resolution - offers a compelling yet concise view on the American executive.

March 2017 • 312 pages
Paper (9781506344485) • £31.99

THE POLITICS OF THE PRESIDENCY
Ninth Edition

Joseph A Pika University of Delaware,
John Anthony Maltese University
of Georgia and Andrew Rudalevige
Bowdoin College

This book analyzes the change and continuity in the presidency during Barack Obama’s two terms in an entrenched partisan environment, discusses the competitive setting for the 2016 election, and looks at the challenges and opportunities President Trump will face.

March 2016 • 600 pages
Paper (9781483375632) • £68.00

THE ELECTIONS OF 2016

Edited by Michael Nelson Rhodes College

This book delivers a nuanced analysis of a momentous cycle of political contests. Whether discussing particular races or taking a broader look at the national trends, the book engages students with political drama, while weaving in scholarship and expert analysis.

May 2017 • 256 pages
Paper (9781506378084) • £28.99

AMERICAN DEMOCRACY IN PERIL
Eight Challenges to America’s Future
Eighth Edition

William E Hudson Providence College

This book offers a structured yet critical examination of the American political system, designed to stimulate students to consider how the facts they learn about American politics relate to democratic ideals.

April 2016 • 424 pages
Paper (9781483368580) • £30.99

INSIDE CAMPAIGNS
Elections through the Eyes of Political Professionals

William J Feltus, Kenneth M Goldstein
University of San Francisco and
Matthew Dallek George
Washington University

This book teaches the fundamental factors that drive US election outcomes through the experiences of 150 campaign managers, and assesses the current state of modern political campaign management.

May 2016 • 320 pages
Paper (9781506332963) • £38.99

CQ PRESS GUIDE TO RADICAL POLITICS IN THE UNITED STATES

Susan Burgess and Kate Leeman
both at Ohio University

This guide provides an overview of radical US political movements on both the left and right sides of the ideological spectrum. It analyzes the origins and trajectory of movements, and the impact that activities have had on mainstream American politics.

May 2016 • 364 pages
Cloth (9781452292274) • £135.00
PUBLIC OPINION
Democratic Ideals, Democratic Practice
Third Edition
Rosalee A Clawson Purdue University
and Zoe M Oxley both at Union College
This book links the enduring normative questions of democratic theory to the best empirical research on public opinion. This edition is thoroughly updated in areas which have seen significant progress such as the relationship between public opinion and public policy.

PUBLIC POLICY
Politics, Analysis, and Alternatives
Sixth Edition
Michael E Kraft and Scott R Furlong both at University of Wisconsin, Green Bay
This book teaches students to understand how and why policy analysis is used to assess policy alternatives — not only to question the assumptions of policy analysts, but to recognize how analysis is used in support of political arguments.

MASS MEDIA AND AMERICAN POLITICS
Tenth Edition
Doris A Graber University of Illinois at Chicago and Johanna Dunaway Texas A&M University
A comprehensive, trusted core text on media’s impact on attitudes, behaviour, elections, politics, and policymaking, this book has set the standard for the course. It includes a wealth of data in tables, figures and boxes, and features photos and political cartoons.

CONTEMPORARY AMERICAN FOREIGN POLICY
Influences, Challenges, and Opportunities
Richard Mansbach Iowa State University and Kirsten L Taylor Berry College
This book examines modern foreign policy problems and global issues such as human rights, climate change, poverty, nuclear arms proliferation, and economic collapse from multiple angles, not just through a so-called ‘national interest’ lens.

ENVIRONMENTAL POLITICS AND POLICY
Tenth Edition
Walter A Rosenbaum University of Florida
A comprehensive text for environmental politics and policy courses that offers a balanced assessment of current environmental issues.
UNRAVELLING THE KASHMIR KNOT
Aman M Hingorani
An unconventional take on the Kashmir issue...
This book focuses on the 'Kashmir knot' and analyzes the inadequacies of solutions often proposed to resolve it, arguing that the issue was an inevitable result of Britain's ruthless policies to satisfy its political, defence and strategic interests in the Indian subcontinent.
May 2016 • 392 pages
Cloth (9789351509714) • £42.00

INTERNAL MIGRATION IN CONTEMPORARY INDIA
Edited by Deepak K Mishra
Jawaharlal Nehru University
An analysis of the diverse experiences of migration in contemporary India, studying the exploitation and marginalization of migrants on the basis of class, caste, religion, gender, ethnicity and regional location in post-reform India.
May 2016 • 364 pages
Cloth (9789351508571) • £42.00

RIGHT TO PASSAGE
Travels through India, Pakistan and Iran
Zeeeshan Khan Dhaka Tribune
This book traces journalist Zeeeshan Khan's 2011 journey from his home in Dhaka through India, Pakistan and Iran, a distance he completed in about 60 days. A stunning snapshot of life along a well-worn route known for its spiritual depth and philosophical richness.
May 2016 • 404 pages
Paper (9789351509946) • £19.99

THIRTY YEARS OF SAARC
Society, Culture and Development
Edited by Rajiv Kumar Senior Fellow, Centre for Policy Research and Omita Goyal Chief Editor, IIC Quarterly
This book traces the economic and political issues of SAARC's thirty-year journey. Topical and well-researched, this collection provides a comprehensive assessment of SAARC, providing policy directives for the future and stressing that economic cooperation is the way forward.
May 2016 • 284 pages
Cloth (9789351508816) • £30.00

CHINA AND INDIA
History, Culture, Cooperation and Competition
Edited by Paramita Mukherjee International Management Institute, Kolkata, Arnab K Deb International Management Institute, New Delhi and Miao Pang Sichuan Academy of Social Sciences
Examines two of the world's most resilient economies to understand their growth and development trajectories, encompassing history, culture, political relations and current business strategies of both nations.
October 2016 • 260 pages
Cloth (9789385985690) • £42.00

RURAL DEVELOPMENT
Principles, Policies, and Management
Fourth Edition
Katar Singh Former Director, Institute of Rural Management Anand and Anil Shishodia Calgary Public Library
This book looks at the ways in which Indian lobbying has made its presence felt among policymakers in Washington and its role as a catalyst in transforming US-India relationship. The Fourth Edition is extensively revised with updates of policies, strategies and programs concerning rural development and management in India.
September 2016 • 392 pages
Paper (9789351509981) • £14.99
QUANTITATIVE RESEARCH METHODS IN POLITICAL SCIENCE

Michael J Adkins University of Birmingham, Helen M Williams University of Nottingham and Steve D McKay University of Lincoln

Guiding students from first principles to advanced techniques, this book uses examples specific to their Political Science studies to equip them with all the quantitative research skills they need.

The book:
- equips students with the tools to understand key concepts and to use them to produce and interpret quantitative data
- takes them through the entire research process, from choosing a research question right to writing up findings
- keeps mathematical equations to a minimum
- has software-specific sections in each chapter to show students how to use SPSS
- is packed with real life examples
- contains extensive learning features including: chapter objectives; boxed summaries; illustrations; exercises and end-of-chapter questions; suggestions of further reading; and a glossary
- is accompanied by a website with datasets, exercises, multiple choice questions, podcasts and video streams, and links to relevant websites.

CONTENTS
Introduction / Philosophical Foundations of Research / What is Quantitative Data? / Types of Variables / Descriptive Statistics / Visualizing Data / Correlation / Comparing Means, Medians and Proportions / ANOVA/Regression / Advanced Multivariate Techniques / Writing a Dissertation

December 2017
Cloth (9781473902701) • £75.00

UNDERSTANDING GLOBAL DEVELOPMENT RESEARCH

Fieldwork Issues, Experiences and Reflections

Edited by Gordon Crawford Coventry University, Lena J Krueckenberg University of Leeds, Nicholas Loubere Lund University and Rosemary Morgan Johns Hopkins University

An up-to-date, thought-provoking and well-balanced publication that brings together the best insights of leading and young scholars at the nexus of development and participatory field research. Its relational, ethics- and power-sensitive perspective makes this book special

- Michael Schönhuth, Chair/Anthropology, University of Trier

Opening up new perspectives on conducting fieldwork in the Global South, this book gives readers a real sense of what it actually feels like to be out in the field. Following an inter-disciplinary and inter-generational approach, it presents reflections on fieldwork experiences by leading scholars along with accounts from early career researchers.

Contributions are organized around six key issues:
- meaningful participation in fieldwork
- working in dangerous environments
- gendered experiences of fieldwork
- researching elites
- conducting fieldwork with marginalized people
- fieldwork in development practice.

ESSENTIAL STATISTICS FOR PUBLIC MANAGERS AND POLICY ANALYSTS
Fourth Edition
Evan Berman Victoria University of Wellington and Xiaohu Wang
City University of Hong Kong

Known for its brevity and student-friendly approach, this book remains one of the most popular introductory books on statistics for public policy and public administration students.

AN IBM SPSS® COMPANION TO POLITICAL ANALYSIS
Fifth Edition
Philip H Pollock III
University of Central Florida

With 53 new or revised exercises and two brand new datasets, this book continues to provide students with thorough and clear explanations on how to use SPSS to analyze data in political science.

THE SAGE ENCYCLOPEDIA OF PHARMACOLOGY AND SOCIETY
Four-Volume Set
Edited by Sarah E Boslaugh
Saint Louis University

The SAGE Encyclopedia of Pharmacology and Society is an authoritative and rigorous source addressing the pharmacology industry and how it influences society, making it a must-have reference for all academic libraries as a source for both students and researchers to utilize.

SAGE Research Methods supports research at all levels by providing material to guide users through every step of the research process, from a quick dictionary definition, a case study example from a researcher in the field, a downloadable teaching dataset, a full-text title from the Quantitative Applications in the Social Sciences series, or a video tutorial showing research in action.

sageresearchmethods.com
THE SAGE HANDBOOK OF POLITICAL SOCIOLOGY

Two-Volume Set
Edited by William Outhwaite University of Newcastle and Stephen Turner University of South Florida

The SAGE Handbook of Political Sociology offers a comprehensive and contemporary look at this evolving field of study. The focus is on political life itself, and the content is selected to answer the question of what a student needs to know about political life to approach it sociologically or simply to understand the political world. The two volumes are structured around five key areas:

Part One: Traditions and Perspectives
Part Two: Core Concepts
Part Three: Political Ideologies and Movements
Part Four: Topics
Part Five: World Regions

Available as inspection copy for lecturers

March 2017 • 1228 pages
Cloth (9781473930254) • £745.00

Special Introductory Offer: £675.00

THE SAGE HANDBOOK OF ELECTORAL BEHAVIOUR

Two-Volume Set
Edited by Kai Arzheimer University of Mainz, Jocelyn Evans University of Leeds and Michael S Lewis-Beck University of Iowa

The SAGE Handbook of Electoral Behaviour is an authoritative and wide ranging survey of this dynamic field, drawing together a team of the world’s leading scholars to provide a state-of-the-art review that sets the agenda for future study.

Taking an interdisciplinarian approach and focusing on a range of countries, the handbook is composed of eight parts. The first five cover the principal conceptual paradigms, followed by chapters on their specific challenges and innovative applications in contemporary voting studies. The remaining three parts explore elements of the voting process to understand their different effects on vote outcomes.

Part One: Institutional Approaches
Part Two: Sociological Approaches
Part Three: Partisanship
Part Four: Voter Decision-Making
Part Five: Issues and Attitudes
Part Six: Candidates and Campaigns
Part Seven: Polling and Forecasting
Part Eight: Methods

Available as inspection copy for lecturers

March 2017 • 1009 pages
Cloth (9781473913158) • £265.00

Special Introductory Offer: £240.00

THE SAGE ENCYCLOPEDIA OF ECONOMICS AND SOCIETY

Four-Volume Set
Edited by Frederick F Wherry Yale University and Juliet B Schor, Consulting Editor Boston College, Harvard University

This academic, multi-author reference work will serve as a general, non-technical resource for students and researchers within social science programs who seek to better understand economics through a contemporary lens.

Available as inspection copy for lecturers

February 2016 • 1984 pages
Cloth (9781452226439) • £495.00

Special Introductory Offer: £340.00

GLOBAL SHIFT
Mapping the Changing Contours of the World Economy
Seventh Edition
Peter Dicken University of Manchester

Once again Peter Dicken seamlessly combines disciplinary perspectives to create a wonderfully comprehensive insight into the essential dynamics of the global economy. His usual array of fabulous maps, graphs, tables and frameworks brilliantly animate this, his latest and most readable edition of Global Shift
- Simon Collinson, Birmingham Business School

THE ESSENTIALS OF POLITICAL ANALYSIS
Fifth Edition
Philip H Pollock III University of Central Florida

Overall, this is the best political science research methods book I’ve seen. It is brief yet covers the methodological basics of quantitative research design from concept development to difference of means, chi-square, and linear regression. It is detailed, yet comprehensible. Best of all, the companion text offers quality datasets and walk-throughs of SPSS that bring every concept here to life
- William Field, Rutgers University

POLITICAL SCIENCE RESEARCH METHODS
Eighth Edition
Janet Buttolph Johnson, H T Reynolds and Jason D Mycoff all at University of Delaware

With a greater focus on the ways particular methods are used, expanded coverage of the role of the Internet in research and analysis, and more international examples, this Eighth Edition gets students understanding the ‘how’ and ‘why’ behind research in political science.

THE POLITICS OF FEAR
What Right-Wing Populist Discourses Mean
Ruth Wodak University of Lancaster

Ruth Wodak traces the trajectories of right-wing political parties from the margins of the political landscape to its centre, to understand and explain how they are transforming from fringe voices to persuasive political actors who set the agenda and frame media debates. Laying bare the normalization of nationalistic, xenophobic, racist and antisemitic rhetoric, she builds a new framework for this ‘politics of fear’ that is entrenching new social divides of nation, gender and body.
Help students discover the secrets to successful study

SAGE Study Skills are essential study guides for students of all levels. From how to write great essays and succeeding at university, to writing their dissertation and conducting a literature review, SAGE Study Skills help students reach their full potential at university.

SAGE Knowledge is the ultimate social sciences digital library for students, researchers, and faculty. Hosting over 5,000 titles, it includes an expansive range of SAGE eBook and eReference content, including reference works, academic books, handbooks, series, professional development titles, and video content.

The platform allows researchers to cross-search and seamlessly access a wide breadth of must-have SAGE book and reference content from one source.

Key Features and Benefits
- Full text HTML display
- Chapter print and PDF download
- Multiple citation options
- Quick and advanced search options
- Suggested related content on the site
- “SAGE Recommends” suggests relevant SAGE content on other platforms
- Mobile responsive for all devices

We offer a wide variety of content to fit your budget and research needs across the following collections:
- Business & Management
- Counseling
- Criminology
- Education
- Geography
- Health & Social Care
- Media & Communication
- Politics & International Relations
- Psychology
- Sociology

How to Order...

SAGE books are available from all good bookshops. You can also order direct from SAGE. If the books you have ordered are in stock, we will send them to you immediately. If a book is not in stock, we will record your order and supply it as soon as it becomes available.

**DISCOUNTS**
Discounts are available for bulk purchases. To arrange, please contact Adam Birchall, Head of Channel Sales adam.birchall@sagepub.co.uk.

**FROM A LOCAL AUTHORITY OR SCHOOL?**
Fax or post your order on headed paper to the address provided above, along with your purchase order number.

**PAYMENT METHODS**
Your order must be prepaid, and we accept payment by cheque (in sterling) payable to SAGE Publications Ltd. Credit/Debit Card (Mastercard, American Express, VISA, Maestro, Delta) or payment by International Giro, to account no 548 0353. Introductory offers valid until end of month of publication.

Credit cards will be charged at time of shipment. Please note that all prices are correct at time of printing and may be subject to change without notice.
