Contents

1 Understanding becomes a key issue **1**
A paradigm shift is taking place in management 1
Socio-economic forces behind the paradigm shift 2
Research emphasizes understanding as the basis of human action 10
The paradigm shift: from instruction to vision 11
How this book is organized 18
Summary 20

2 The rise of an interpretative perspective on management **21**
Management has been dominated by a rationalistic perspective 21
The alternative: the interpretative perspective 26
What is the practical relevance of having one perspective or the other? 31
A gradual shift of perspective in management research 33
Research paradigms control the content of knowledge 49

3 Human competence at work: a question of understanding **51**
Human competence: the basis for all enterprises 52
Rationalistic approaches to competence 54
Towards an interpretative approach to competence 58
A practical example: competence in engine optimization 62
Understanding: the basis for human competence at work 71
Concluding remarks 73

Sandberg-3430-Prelims.qxd 5/30/2006 3:12 PM Page vi

4 Understanding: the basis for competence development 75
Understanding as the basis for *what* competence we develop at work 76
Understanding as the basis for *how* we develop competence at work 78
How does understanding operate? 80
Reflection: a basic condition for developing competence 86

5 Shared understanding: the basis for collective competence and its development 89
Collective versus individual competence 89
The social nature of understanding 91
Shared understanding of flute manufacturing 94
Collective competence as culture 97
Developing collective competence by changing shared understanding 104

6 Understanding and its transformation 109
Once again – what is understanding? 109
Issues involved in transforming understanding 112
Concluding remarks 123

7 Methods and principles for managing understanding 125
Possible methods for managing understanding 125
Language-driven methods 126
Action-driven methods 139
Guiding principles for managing understanding 154
Concluding remarks 158

8 Management: a question of managing understanding 159
Shift in focus and new priorities in management practice 160
The paradigm shift reshapes the point of leadership 170
Avoiding the rationalistic trap 180
Some problematic power issues in managing understanding 188
Conclusion 191
