

DETAILED CONTENTS

About the Authors	xi
Preface	xii
Acknowledgments	xviii
Chapter 1 Introduction: Graphical Presentation of Data	1
1.1 Purpose and Intent of Graphs	1
1.2 Proportional Thinking and Graph Making	3
1.3 Decisions for the Graph Maker	4
1.4 Databases Used in This Book	8
1.5 SPSS Graph Production: Using the <i>Chart Builder</i>	9
1.6 Definition of Key Terms and Concepts	16
Chapter 2 Simple Bar Graph	19
2.1 Introduction to the Simple Bar Graph	19
2.2 Databases and Questions	24
2.3 Using SPSS to Build the Simple Bar Graph	27
2.4 Interpretation of the Simple Bar Graph	34
2.5 Review Exercises	36
Chapter 3 Stacked Bar Graph	41
3.1 Introduction to the Stacked Bar Graph	41
3.2 Database and Questions	45
3.3 Using SPSS to Build the Stacked Bar Graph	46
3.4 Interpretation of the Stacked Bar Graph	52
3.5 Review Exercises	54
Chapter 4 Clustered Bar Graph	59
4.1 Introduction to the Clustered Bar Graph	59
4.2 Database and Questions	63
4.3 Using SPSS to Build the Clustered Bar Graph	64

4.4 Interpretation of the Clustered Bar Graph	71
4.5 Review Exercises	74
Chapter 5 Pie Graph	79
5.1 Introduction to the Pie Graph	79
5.2 Databases and Questions	82
5.3 Using SPSS to Build the Pie Graph	83
5.4 Interpretation of the Pie Graph	89
5.5 Review Exercises	91
Chapter 6 Simple Line Graph	94
6.1 Introduction to the Simple Line Graph	94
6.2 Databases and Questions	103
6.3 Using SPSS to Build the Simple Line Graph	104
6.4 Interpretation of the Simple Line Graph	112
6.5 Review Exercises	115
Chapter 7 Multiple Line Graph	120
7.1 Introduction to the Multiple Line Graph	120
7.2 Databases and Questions	126
7.3 Using SPSS to Build the Multiple Line Graph	128
7.4 Interpretation of the Multiple Line Graph	138
7.5 Review Exercises	141
Chapter 8 Simple Histogram	146
8.1 Introduction to the Simple Histogram	146
8.2 Databases and Questions	153
8.3 Using SPSS to Build the Simple Histogram	154
8.4 Interpretation of the Simple and Cumulative Histograms	159
8.5 Review Exercises	162
Chapter 9 Population Pyramid	166
9.1 Introduction to the Population Pyramid	166
9.2 Databases and Questions	171
9.3 Using SPSS to Build the Population Pyramid	172
9.4 Interpretation of the Population Pyramid	176
9.5 Review Exercises	178
Chapter 10 1-D Boxplot	183
10.1 Introduction to the 1-D Boxplot	183
10.2 Database and Questions	189
10.3 Using SPSS to Build the 1-D Boxplot	190
10.4 Interpretation of the 1-D Boxplot	194
10.5 Review Exercises	196

Chapter 11 Simple Boxplot	200
11.1 Introduction to the Simple Boxplot	200
11.2 Database and Questions	202
11.3 Using SPSS to Build the Simple Boxplot	203
11.4 Interpretation of the Simple Boxplot	204
11.5 Review Exercises	205
Chapter 12 Clustered Boxplot	210
12.1 Introduction to the Clustered Boxplot	210
12.2 Database and Questions	213
12.3 Using SPSS to Build the Clustered Boxplot	213
12.4 Interpretation of the Clustered Boxplot	215
12.5 Review Exercises	216
Chapter 13 Simple Scatterplot	221
13.1 Introduction to the Simple Scatterplot	221
13.2 Database and Questions	229
13.3 Using SPSS to Build the Simple Scatterplot	230
13.4 Interpretation of the Simple Scatterplot	232
13.5 Review Exercises	232
Chapter 14 Grouped Scatterplot	237
14.1 Introduction to the Grouped Scatterplot	237
14.2 Database and Questions	240
14.3 Using SPSS to Build the Grouped Scatterplot	241
14.4 Interpretation of the Grouped Scatterplot	243
14.5 Review Exercises	244
Chapter 15 High–Low Graphs	250
15.1 Introduction to High–Low Graphs	250
15.2 Databases and Questions	256
15.3 Using SPSS to Build High–Low Graphs	258
15.4 Interpretation of the High–Low–Close Graphs	267
15.5 Review Exercises	270
Chapter 16 Paneling on One Dimension	274
16.1 Introduction to Paneling on One Dimension	274
16.2 Databases and Questions	279
16.3 Using SPSS to Build the 1-D Paneled Graph	281
16.4 Interpretation of 1-D Paneled Graphs	289
16.5 Review Exercises	292

Chapter 17 Paneling on Two Dimensions	297
17.1 Introduction to 2-D Paneled Graphs	297
17.2 Databases and Questions	303
17.3 Using SPSS to Build the 2-D Paneled Graph	305
17.4 Interpretation of 2-D Paneled Graphs	313
17.5 Review Exercises	316
Chapter 18 Deceptive Graphing Examples	322
18.1 Introduction to Deception	322
18.2 Types of Deceptive Graphing Practices	323
18.3 Deception Summary	338
Chapter 19 Summary	339
19.1 Answering Questions About Databases	339
19.2 Selecting the Appropriate Graph	340
19.3 Using SPSS to Build Graphs	341
19.4 Final Remarks	342
Appendix A: SPSS Basic Information	343
A.1 Introduction	343
A.2 Opening SPSS	343
A.3 Data Editor Windows (Variable View and Data View)	344
Appendix B: Answers to Chapter Exercises	347
Appendix C: Chapters and SPSS Databases Used	357
Appendix D: Graph Selection: Type and Purpose	358
Index	361
