For more depth and detail about BDSM more broadly, these two edited collections provide a very good overview between them:

- Kleinplatz, P., & Moser, C.(Eds.) (2006). *SM: Powerful pleasures*. Binghamton, NY: Haworth Press.
- Langdridge, D., & Barker, M. (Eds.) (2007). *Safe, sane and consensual: Contemporary perspectives on sadomasochism*. Basingstoke: Palgrave Macmillan.

Some of the most useful books and websites written about BDSM by BDSM practitioners include:

- Easton, D., & Hardy, J.W. (2001). *The new bottoming book*. California, US: Greenery Press. An excellent ‘How to...’ book on bottoming.
- Easton, D., & Hardy, J.W. (2003). *The new topping book*. California, US: Greenery Press. An excellent ‘How to...’ book on topping.
- Wiseman, J. (1996). *SM 101: A realistic introduction*. California, US: Greenery Press. An excellent technical manual with careful attention to safety.
