# 2015 Product Offerings

Extend your brand's awareness through display advertising in the print journal. Additional high-impact opportunities include *cover tips*, *bellyband wraps* around the journal, and *inserts/outserts* polybagged with a journal issue.

---

**Online Banner Ads** Interact with your audience online with a *leaderboard* or *skyscraper* banner ad placed on a Journal homepage hosted on the SAGE Journals platform. Custom expandable and roadblock banners may also be available.

**Mobile** Deliver your ad to the palm of your customer's hand via a SAGE Journals mobile website, allowing users to access your product online directly from a mobile device.

**E-Newsletters** Endorse highly respected research and organizations in your market with a single sponsorship to a Society endorsed newsletter.

**eTOC Alerts** Bring your product to the forefront by placing a banner ad on a Table of Contents Alert email, the first touch a subscriber receives when a new issue is made available online and prior to the print issue mailing.

---

**Sponsored Collections** As an industry partner, you have the opportunity to provide open access to leading peer-reviewed content from SAGE journals. This Journal sponsored collection allows you to highlight specific articles and research pertinent to your business and product lines. You will receive Sponsor recognition on the journal home page with links to the Collections page, where your company will be recognized through a leaderboard or skyscraper banner ad.

**Article Reprints** Provide your target audience with article reprints discussing specific products, therapies, or topics related to your company as additional marketing collateral. Reprints can be provided in print, online, and even translated into a local language for a key market.

**Pocket Article** Add customer value with a Pocket Article Card at your next conference or customer event. This handy business card is a convenient way to brand your company and website while providing industry knowledge to your customers with access to a free article.

**Supplements** Peer-reviewed journal supplements provide you with a credible, objective means to publish themed-articles on topics related to your company's business.

**Sponsored Subscriptions** Partner with a SAGE society journal and identify yourself as an educational partner in your field by sponsoring a full-year print subscription for your target audience. Your sponsorship will be recognized with a company-specific communication polybagged with the first issue as well as recognition on each cover issue throughout the year.

**Microsites** Brand your company as the leader in the field by developing a destination website that focuses on a specific topic in your industry. Relevant journal content from all SAGE journals and links to Sponsor-specific information such as webinars, product information, and corporate sites, will populate this microsite.
